

**First Fuzzy Workshop of Czechia and Slovakia***Kočovce, Slovakia, February 12 – 17, 1995*

The following collection of eight papers are some of the contributions presented at the 1<sup>st</sup> Fuzzy Workshop of Czechia and Slovakia. The workshop was organized by the *Working group for fuzzy sets theory and applications of Czechia and Slovakia* to get together people from both countries who are involved in the development and/or applications of the fuzzy set theory. The participants were from the academic field as well as from industry and thus, exchange of ideas from both sides was enabled. Several invited lectures were given by foreign specialists, namely by Prof. Dan Butnariu, Dr. Janos Fodor, Dr. Michael Grabisch and Prof. Laszlo T. Kóczy.
